Exceptional levels of care in a cosy home-from-home environment

RESIDENTIAL, DEMENTIA & RESPITE CARE

Welcome to Ancaster House

Ancaster House, based in Crieff, offers excellent levels of residential, dementia and respite care for up to 35 residents. Our team offer a person-centred approach and recognise that we have a responsibility to ensure our residents' needs are catered for, but that you also have the right to choose, to influence the care you receive and participate in how the home is managed.

Ancaster House is set within three acres of private mature gardens, complete with a stunning orchard, vegetable patch and summer house. This tranquil setting benefits from picturesque views over the Perthshire hills.

Being based at Ancaster House means you will also be ideally placed to enjoy the local amenities as well as having access to a variety of parklands, nature trails and leafy walks – all part of our weekly excursions.

“I could not recommend Ancaster House highly enough. Staff are outstanding and go way above their duties for the residents; they make everyone very welcome.”

DAUGHTER-IN-LAW OF RESIDENT

The home has been designed to encourage group living and offers a variety of first-class facilities for residents. Prior to your arrival, our home manager will be delighted to have a full conversation with you to discuss your needs and requirements.

All rooms have en-suite toilet and shower facilities with downstairs rooms offering easy access to our private gardens. The majority of first floor rooms enjoy stunning views of the Ochils. In addition to this, there are three tastefully decorated lounges to choose from.

Like so many aspects of daily life at Ancaster House, all of our entertainment

plans are discussed and chosen by our residents in advance. Activities on offer include everything from arts & crafts, fun exercises, listening to all genres of music and even casino and circus parties.

Mealtimes are very important, and we offer a variety of cuisine, from lasagne to mince and potatoes, to cater for all taste preferences.

“My mum has now been in Ancaster for over a year. She has really settled in and it is definitely ‘home’ to her now. The staff are amazing - a great team, who work tirelessly to keep mum and the other residents cared for and happy.”
